Comments from the Audience:

Sarah Wilder, 3706 Meadowbrook Blvd., announced that she formed the Coalition of Concerned University Heights Residents in response to the establishment of Charter Review Commission (CRC). She noted that the ordinance (No. 2008-45) sets a tight time line with the Commission’s report due in April, 2009, and provides for majority control over the appointment of the Commission to the Council only. She stated that the deviation from the direct election of seven of the fifteen Commission members is undemocratic and disenfranchises residents from the process. Mrs. Wilder stated that the tight time line and lack of time for public input will promote divisiveness within the community. Therefore, the Coalition recommended that Council delay the organizational meeting of the CRC from October 15, 2008 for six (6) months or more in order for provide time for open forums to seek input from residents. Mrs. Wilder also requested that when the CRC does meet that residents be allowed to speak at all the Commission meetings and the agendas of the meeting be published and sent out to residents by email or mailing address at least five (5) business days prior to the meeting.

Mrs. Wilder invited all city officials to an open forum to be held by the Coalition on Tuesday, October 7, 2008 from 6:00 pm to 7:30 pm. in the University Heights Library.

Jane Evans, Conover Road resident and assistant athletic director, John Carroll University, invited City officials to the attend the university’s “Community Night” activities on Saturday, October 18, 2008. There will be a pre-game reception at 6:30 p.m. and football game against Capital University at 7:00 p.m. at Don Shula Stadium. Other youth activities are planned for the night.

I. **Resolution No. 2008-60 Establishing a special committee on University Affairs**

Resolution No. 2008-60 establishes a special committee on University Affairs pursuant to Codified Ordinances Section 220.10(b). The committee shall consist of the following members: (1) Councilman Consolo, Chairman, (2) Councilwoman Goldberg, (3) Councilman Bullock, (4) Councilman Sims, and (5) Councilman Murphy.

Vice Mayor Zucker inquired where Resolution Nos. 2008-60 and 2008-61 came from and when the meetings were held regarding the resolutions. Mr. Consolo stated that no meetings were held and explained how the came about. Mr. Consolo noted that the proposal on a University Affairs Committee came about after he attended the Board of Zoning Appeals (BZA) meeting of September 10, 2008 realized that Mayor Rothschild could not be objective in her dealings with John Carroll University (JCU). Mr. Consolo stated that after speaking with Mr. Bernardo after the BZA meeting about the deteriorating relationship between JCU and the City, Mr. Bernardo asked him to put together a committee to deal with JCU and leading it. He added that the special committee was formed in accordance with Section 220.10(b) of the Code. The committee will act as an objective public work session wherein JCU could submit its proposals and compromises to the committee for consideration. Mr. Consolo stated that the second special committee on Planning and Development was formed to deal with such issues as the proposed Waterway development since there has been no discussion on this matter in several weeks. He added that both committees should be made up of Council members except for Councilman Bernardo because of his employment with JCU and Vice Mayor Zucker because of her close association with Mayor Rothschild.
Mr. Consolo noted that once the committees were formulated, he met with Councilman Bullock on September 17, 2008 to solicit his advice on the ideas and then separately telephoned Council members Bernardo, Murphy, Sims and Goldberg on September 18 and 19, 2008 to explain his concept of the committees. He mentioned that each had positive feedback on the ideas, membership and chairmanship of the committees. Mr. Consolo sought the advice of the Law Director to determine if the committees should be formed by ordinance, resolution or motion. Originally, he suggested motions, and two (2) motions were emailed to the Clerk of Council on September 28, 2008 to be added to the agenda of the October 6, 2008 meeting. However, on September 30, 2008 the Law Director recommended that the committees be formed by resolution to afford the Mayor an opportunity to veto the legislation, if desired. Mayor Rothschild stated that Mr. Consolo has made her his “whipping boy” for whatever his agenda is. Mayor Rothschild added that they should take advantage of her and Vice Mayor Zucker’s history with the City.

Vice Mayor Zucker stated that prior advise given by the Law Director was that ordinances or resolutions had to come from the Mayor, department head, or from a Council committee. She stated that secret meetings of certain Council members does not make up a committee. Vice Mayor Zucker stated that the introduction of Resolution Nos. 2008-60 and 2008-61 is not a legitimate request because no meeting was scheduled and only those members listed in the resolution know anything about the legislation. Correspondence was done by telephone and/or email on Sunday, September 28, 2008 at 9:29 a.m. in which she was not included. On Friday, October 3, 2008, Mr. Sims took himself off the Planning and Development Committee and he was replaced with Mr. Bernardo. Mrs. Zucker stated that both committees are a good idea, but she objected to how it was done. She noted that not one member of Council gave her the courtesy of a phone call to let her know what was going on, leading her to believe that they want to run University Heights in the dark. Mrs. Zucker stated that she has been elected by the people and will be at every meeting of both special committees. She noted in the past 25 years that she has been on City Council, with the exception of one term, the Council was made up of members who respected one another and worked together for the good of the City. She added that in nine and one-half months they have managed to destroy that working relationship.

MOTION BY VICE MAYOR ZUCKER, SECONDED BY MR. SIMS to remove Resolutions No. 2008-60 and 2008-61 from the agenda and refer them to the agenda of the Committee of the Whole to be discussed as a Council.

Mr. Fisher noted that he works cooperatively with everyone. He noted that he did advise Vice Mayor Zucker that legislation could be introduced by the Mayor, department head, majority of a Council committee or majority of the Council and placed on the agenda. Mr. Fisher stated that under Section 220.10(b) of the Code special committees may be established by the Mayor or Council. After he received the request from Councilman Consolo, it was his opinion that the committees could be established by motion. However, the Mayor wanted the right to consider vetoing the legislation and since motions cannot be vetoed he suggested that the committees be formed by resolution. Mr. Fisher stated that the resolutions be properly placed on the agenda.

Mayor Rothschild stated that committees usually consist of three members and asked if all five members will go to John Carroll University as a committee. Mr. Consolo stated that they were hoping for form the committee at this meeting and then schedule a work session meeting to brainstorm various ideas. He added that nobody was excluded as the meetings will be public and anyone can attend. Vice Mayor Zucker stated that she finds the process disrespectful and insulting.

Mr. Sims stated that 6 out of 7 Council members will be serving on the committees. Mr. Sims noted that he personally made an attempt to reach out to Vice Mayor Zucker in an attempt to bring the Council together. He noted that this was not meant as disrespect to the Mayor or Vice Mayor, the Council is just hoping to move forward with some of the issues facing the City. Mr. Fisher stated that all meetings of the committees will be open to the public and notice of the meeting must be posted.

On roll call, on the motion to remove Resolution No. 2008-60 and 2008-61 from the agenda and refer them to the agenda of the Committee of the Whole all voted “nay,” except Mrs. Zucker, who voted “aye” and Mr. Bernardo, who “abstained.”

MOTION BY MR. CONSOLO, SECONDED BY MR. MURPHY to approve passage of Resolution No. 2008-60 as an emergency measure. On roll call, on suspension of rules, all voted “aye,” except Mr. Bernardo, who “abstained” and Mrs. Zucker, who “passed.” On roll call, on passage, all voted “aye,” except Mr. Bernardo, who “abstained” and Mrs. Zucker, who “passed.”
J. Resolution No. 2008-61 Establishing a special committee for Planning and Development

Resolution No. 2008-61 establishes a special committee for Planning and Development. The committee shall consist of the following members: (1) Councilman Murphy, Chairman, (2) Councilwoman Goldberg, (3) Councilman Bullock, (4) Councilman Bullock, and (5) Councilman Consolo.

MOTION BY MR. CONSOLO, SECONDED BY MS. GOLDBERG to approve the passage of Resolution No. 2008-61 as an emergency measure. On roll call, on suspension of rules, all voted “aye,” except Mrs. Zucker, who "passed." On roll call, on passage, all voted “aye,” except Mrs. Zucker, who "passed."

K. Motion to advertise for bids for road salt

Service Director Christopher Vild reported that Northeast Ohio will be experiencing a salt storage this winter. He noted that NEO/SO did not receive any bids from its advertisement for bids. Mr. Vild noted that the City’s salt storage contract with the City of Cleveland Heights includes a clause whereby University Heights can purchase salt from Cleveland Heights. This is being pursued. But as a backup, Mr. Vild recommended that the City advertise for bids in the hopes of receiving bids since only a small about of salt (approximately 3,000 tons) will be needed. There was discussion as to possibly eliminating salting of side streets and only salt main streets and areas such as intersections, hills, and bridges. Mr. Vild noted that the City of Westlake has seen a 40% to 60% savings of salt. There was also discussion of using the option of aggregate such as sand, shell, etc. Mr. Vild noted that he would not recommend using aggregate at this time because it would cause additional expense in sewer cleaning.

MOTION BY MRS. ZUCKER, SECONDED BY MR. MURPHY to approve the motion to advertise for bids for road salt. On roll call, all voted "aye."
