Community Park Area Residents
University Heights, Ohio 44118

RE: Fenwick Road/Northwood Road Intersection Closure

Dear Residents,

As part of the Community Park construction, the intersection of Fenwick Road and Northwood Road along with the frontage of the park property will be removed and rebuilt to improve drainage, sidewalks, crosswalks and add angled parking. The intersection construction will require a temporary road closure along the park frontage and through the Northwood Road intersection.

The road closure is scheduled to begin Monday October 19th, 2015. Traffic control barricades and detour signage will be installed across Fenwick Road at Silsby Road, across Fenwick Road at Faversham Road and across Northwood Road at Fenwick Road. Edgerton Road and Saybrook Road will be utilized as alternate north/south routes. Access to work zone driveways will be maintained.

Providing weather cooperates and construction precedes on schedule the contractor, Cavanaugh Building Corporation, anticipates reopening the roadway at the end of November 2015.

We appreciate your patience during the disruption.

Sincerely,

Jeffrey Pokorny, Service Director
